Our Business Area

Consultancy Service for Industrial Sector.

- Preliminary Assessment on Structural Integrity, Fire and Electrical Safety
- Detailed Engineering Assessment (DEA).
- Structural Design Analysis For RCC And Steel Structure for Related software : ETABS, STAAD.pro, SAP2000, SAFE, GEO Structural, All Pile , Ram Connection, Staad Foundation Advance Etc.
- Building Safety Certification and load Management Work.
- Risk Assessment for Industrial Factory.
- Architectural & Structural design & Construction of R.C.C. & Steel Structures.
- Energy Efficiency Audit
- Design of Green factories to be LEED certified under USGBC
- Complete Electrical solution for new & existing buildings.
- Electrical Wiring Certification Work
- Design, Drawing & installation for lightning protection system (LPS), SLD, ELD.
- All kind of Electrical testing (Thermal, Insulation, Earth resistance etc.)
- Complete Fire solution for new & existing buildings.
- Fire Detection and Protraction Design Drawing Work
- Fire Installation Work.
- Bill Verification Audit
- 3Rd Party Safety Audit at Buyer Standard (Structural, Electrical and Fire)
- All kind of Structural NDT/SDT (Ferrosan , Hammer, UPV, Core cutting & Soil Test)
- Corrective Action Plan (CAP) management for structural integrity, fire safety and electrical safety assessment according to BNBC, RMGP Guideline, NFPA, Alliance, Accord & ILO standard.
- Environmental & Social Impact Assessment.

Testing Service for Industrial Sector:

- All Kind of Testing for amending RCC Building & electrical safety.
- Semi Destructive Test (SDT) i.e. Core cutting,
- Non Destructive Test (NDT) i.e. Ultra-pulse Velocity (UPV)
- Ferro Scanning of Column, Beam and Slab for Rebar Detection
- Rebar test (Tensile strength test
- Thermal & Insulation test

Consultancy Service for Commercial and Residential Sector.

Architectural & Structural

- Architectural Drawing.
- Architectural Furniture lay-out Drawing.
- 3d max view
- Approval Drawing (Up-Zillah and Pouroshova,Razuk)
- Structural drawing
- Detail working Structural drawing
- ETABS Model Analyses and design Report.
- Soil Test and Report.
- Cost Estimating
- Bank Loan File Process

Electrical Drawing

- Electrical lay-out Drawing.
- Electrical Wiring lay-out Drawing.
- Electrical (SLD) Single Line Diagram Drawing if you're required.
- Electrical Wiring Certification
- Lightening Protraction System (LPS)

Fire and Plumbing Drawing

- Fire Detection Drawing
- Fire Protection Drawing
- Fire Hydrant Drawing
- Fire Safety Plan
- Fire Evocation Plan
- Plumbing lay-out Drawing.
- Plumbing detail Working Drawing.
- Drainage Layout Plan

Civil and Electrical Testing Service

- Concrete Core Test
- UPV Test
- Rebound Hammer Test for Concrete Strength
- Ferro scanning
- Pile Integrate Test (PIT)
- Pile Load Test (PLT)
- Thermography Scanning Test
- Earthling Test
- Insulation Test
- Transformer Oil Test
- Noise Test, Air Test etc.

Achievements of EMS

- **Infinity Construction** has been enlisted as an **Inspection Firm** for Structural Integration, Electrical & Fire safety of **Peoples Republic of Bangladesh**.
- **EMS** has successfully completed a large number (**more than 85**) of Detailed Engineering Assessment (**DEA**) with Seismic Vulnerability evaluation, Analysis, Layout, Design & Reporting for Structure, Electrical & Fire safety in Industrial, Commercial & Residential Sector.
- **EMS** has successfully completed a large number (**more than 20**) Construction Project in Industrial, Commercial & Residential

EMS Maintained Code/Gide Line And Working Process:

❖ **Structural Integrity:**

- Feasibility study of the project.
- Design document verification.
- Building specification and required facility.
- Develop as built Architectural drawing according to ACI, BNBC-2020, Alliance, Accord (RSC), Primark, DIFE, Standard.
- Develop of as built Structural drawing according to ACI, BNBC, Alliance and Accord (RSC), Primark, DIFE, Standard. NTPA standard
- Modify Plan and prepare as Built drawing.
- Prepare as Built floor load plan.
- Testing of material to determine the strength of concrete based on NDT and SDT (Core Test and Ferro scan Test)
- Soil Test
- Software Analysis of the structure with 3D modeling.
- Recommendations and retrofitting scheme with details.

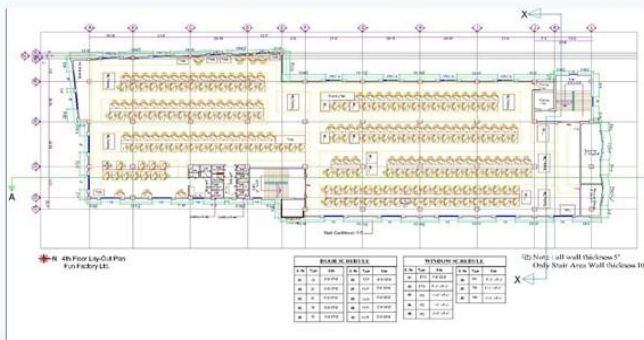

❖ **Electrical Safety Work:**

- Modification & review the proposed drawing.
- Develop and deployment of the NFPA 7.0 electrical safety program as per Alliance Requirements.
- Re-assessment of electrical Layout design for remaining load supervision.
- Assessment of each electrical wire size according to the capacity of circuit breaker as per BNBC2020 & Nirapon, RSC, ILO, NTPA standard.
- Assessment or re-assessment of the electrical load management scheme according to load Capacity.
- Entire suggestion of how to keep/maintain the documents of all safety programs.
- Provide the report and suggest for the optimized solution for each NC of CAP (for electrical System condition, electrical maintenance, electrical system information and electrical lighting system) provided by **BNBC2020 & Nirapon, RSC, ILO, NTPA**

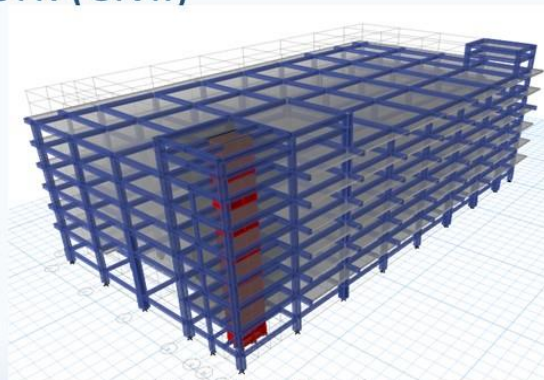

❖ **Fire Safety**

- Feasibility study of the project.
- Preparation of all fire related drawing according to NTPA, ILO, BFSCD standard, NFPA-10,NFPA-13, NFPA-14,NFPA-20,NFPA-22,NFPA-25, NFPA-72, NFPA-80, NFPA-92, NFPA-101, NFPA-110,NFPA-252 and BNBC-2020
- Prepare posted of occupant load for every assembly and production floor.
- Details of installing a stand pipe system at required location
- Design the required rated construction barrier according to BNBC-2020 and Alliance, RSC, & DIFE, BFSCD standard.
- All others fire safety related works according to BNBC-2020 and Nirapon, RSC, DIFE, BFSCD standard.
